SUMMARY

B.Tech student in Artificial Intelligence & Data Science with practical experience in front-end development and basic programming. Skilled in HTML, CSS, JavaScript, Python, responsive design, DOM manipulation, API integration, and usability improvements. Worked on projects like a Smart Attendance System and Organic Farming Awareness, which involved designing user interfaces, managing data, and improving usability. Comfortable using tools like VS Code, GitHub, and MS Office. Known for being a quick learner, organized, and able to work well with teams.

EXPERIENCE

Front-End Development Intern Tech Yuva Institute

Jan 2025 - Mar 2025

- Built responsive web pages using HTML, CSS, and JavaScript.
- Developed user-friendly interface components for real-world use cases.
- Improved page layouts, animations, and overall user experience.
- Followed clean coding practices and basic version control workflows.

PROJECT

Student Attendance System

Self-Initiated Project • naravulaprudhvi.github.io/student_attendance_system/admin.html • January 2025 - March 2025

- Developed a Student Attendance System using HTML, CSS, Bootstrap, and JavaScript.
- Created separate login roles for Admin, Teacher, and Student users.
- Implemented attendance marking and attendance report features.
- Designed a simple, responsive, and user-friendly dashboard interface.

EDUCATION

B.TECH – ARTIFICIAL INTELLIGENCE & DATA SCIENCE

Eluru College of Engineering and Technology • Eluru, AP • 2023 • 7.85

INTERMEDIATE – M.P.C

Govt. Junior Boys College, Kovvur • Kovvur, AP • 2023 • 6.96

SSC

KSR Govt. High School, Vegeswarapuram • Vegeswarapuram, AP • 2021 • 8.61

CERTIFICATIONS

Natural Language Processing

NPTEL / Indian Institute of Technology Kharagpur • 2026

Python Programming

Tech Yuva Institute • 2025

Front-End Development

Tech Yuva Institute • 2025

Android Developer Virtual Internship

Google for Developers / EduSkills • 2025

Generative AI Virtual Internship

Google Cloud / EduSkills • 2025

SKILLS

Programming: Python, C, Java(Basic)

Frontend Development: HTML, CSS, Bootstrap, Responsive Design

Tools & Platforms: VS Code, GitHub

Languages: Telugu, English
